

# ZAP!

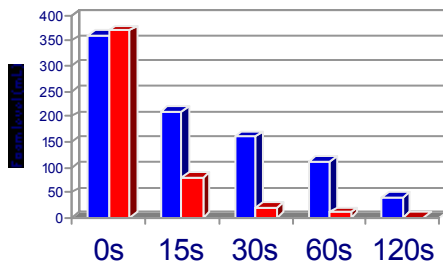

## Foam Buster

### *New antifoam agent*

ZAP! Foam Buster is a new highly active antifoaming agent that will eliminate foam quickly and keep it from coming back. It is based on novel proprietary chemistry that works more effectively than other conventional products.

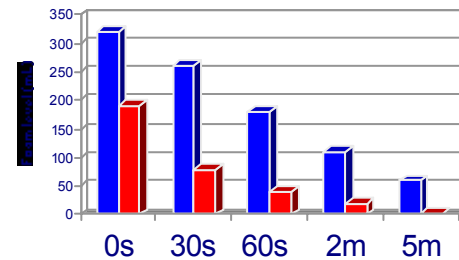

In trials ZAP! Foam Buster outperformed all other antifoam agents. In fact, It will eliminate foam faster and at much lower rates than other silicone based antifoam agents.

**Defoaming ability**

■ Standard ■ ZAP! Foam Buster

**Antifoam persistence**

■ Standard ■ ZAP! Foam Buster

## *Features & Benefits*

- ✓ **Fast acting** – eliminates foam more than 4X faster than standard products
