

HASTEN NT ULTRA SPRAY ADJUVANT:

- ✓ **Made from ethylated vegetable oil (esterified oil) & a unique blend of nonionic surfactants.**
- ✓ **Active ingredient is 75.2% methyl/ethyl oleate.**
- ✓ **Vegetable oil used to produce Hasten NT Ultra is rapeseed oil.**
- ✓ **Excellent for use with many products – Hasten NT Ultra works at low rates.**
- ✓ **The “NT” in Hasten NT Ultra represents “*NEW TECHNOLOGY*” and is NPE – free.**
- ✓ **Penetrates the weeds’ waxy surface to increase absorption of pesticides.**
- ✓ **Wets the surface area so that pesticides make contact with the weeds.**
- ✓ **Makes pesticide more available since oil evaporates slower than water.**
